February 22, 2023 Michele Correla, Memphis Zoo

by Cal Overman

Want to know something we learned today? The howler monkeys are still howling at the Memphis Zoo! Michele Correla did an OUTSTANDING job today filling in for Matt Thompson, as his plans changed last minute with visitors in town! Michele is the Chief Development Officer at the zoo and has been there for over 20 years! We learned so many awesome things happening with the Master Plan coming along, updates that will be happening, and how much growth has been occurring over the past few years. The Memphis Zoo has been consistently ranked in the top 10 zoos in the country for the past 10 years? Pretty impressive! If you haven't heard, there's a new splash pad that opened last summer! With this Memphis heat, it's a spot to visit this summer! AND, you can even do birthday parties in that space! Sounds like fun to us! Thanks again, Michele, for your expertise, presentation, and filling in for Matt today.

Kudos to Program Chairman Phil Gray for his leadership in the great line-up of programs this year.

Gary Myers visited with us today as the guest of Mary Weatherwax
